

969-372G
Fulton Side Table

W23 D27 H26 in.
Oak Solids and Quarter Sawn Oak Veneers
Earth Grey finish

A terrific side table inspired by 19th-century Italian originals. The quarter-sawn oak veneered top is accented with a very subtle gallery over an apron rail drawer and elevated on squared, canted corner posts that are joined by a lower shelf. The finish is an earth grey wood tone accented by the champagne textured hardware.
